2018 Schwarzkopf Professional Experience Seminars

Experience seminars are designed to engage and draw our salon partners and stylists into our culture through a non-conventional, interactive approach. Attendees will be inspired and motivated by art, culture and fashion on the first day of each seminar. A private group dinner provides time to connect and bond with other like minded professionals on the first evening. Attendees will then translate their inspiration into a hands on experience on day 2 through the use of our brands. Experiences include: accommodations, transport once arrived, dinner, and entry into day 2 hands on seminar.
