

Eufora is committed to guiding stylists and salon owners toward success as artists and as business people.

Eufora education extends far beyond basic product knowledge, tips and techniques. It features a robust curriculum focusing on professional advancement and what is most important to you...success!

The diversity and sheer number of Eufora training programs, whether offered at The Academy, on location or in-salon, ensures that our partners have constant access to a well-rounded portfolio of high caliber technical, creative and business instruction. The Eufora reputation for exceptional education is unparalleled.

For a complete listing of education opportunities please visit Eufora on line at www.eufora.net. Rest assured we will keep you informed, inspired and at the top of your game!

LONG HAIRDRESSING

There's always a demand for beautiful updo and long hairdressing styles. From demure looks of the 40's to avant-garde and whimsical trends, this class gives stylists the ability to create the most difficult styles with ease and confidence every time. Stylists learn a defined approach to updo styling that brings a system and structure to the art of the updo.

**Jeffrey Mayo****Eufora Global Team Member**

Jeffrey started his journey in the professional salon industry in 1998, training in some of the most prestigious salons in Boston and throughout the New England area. Jeffrey's presence can be felt the moment students walk into the room. His infectious smile, positive attitude and down to Earth approach to educating made him the perfect fit for the Eufora Education Team, which he joined in 2005. Jeffrey encourages his students to be themselves and to find their own creative voice. Jeffrey's true passion is to give back to the profession that he loves. His mantra, "Creativity takes courage."
